

List of Planned 2015/16 Proactive Disclosuresⁱ

Release-by date: September 28, 2015

Routine Information Disclosures

Disclosure	Department or Agency	Details
Student Aid Statistics	Advanced Education and Skills	At the conclusion of each Academic Year (July 31), the Department of Advanced Education and Skills will release the Student Financial Assistance Statistics including the number of students, average weekly amounts of assistance and the total amount issued for the preceding year.
2015-16 Student and Youth Services Agreement Approvals	Advanced Education and Skills	Service Agreements for Youth and Students provide funding to non-profit youth-serving organizations (including post-secondary institutions) to assist with the design and delivery of programs and services for youth and students related to furthering their education, employment and career development. Services range from career fairs to education support and employment initiatives.

Disclosure	Department or Agency	Details
2015-16 Community Partnership Approvals	Advanced Education and Skills	Under the Community Partnership Program, the Department of Advanced Education and Skills collaborates with community agencies to deliver supports and initiatives to help individuals prepare for, attain and maintain employment, and make the transition to a new job.
Quarterly Funding Reports	Business, Tourism, Culture and Rural Development	Provides a list of projects, initiatives and organizations approved for funding by the department in the previous quarter; information to include client name, project name, brief project description, approved funding, type of funding and geographic region.
Big Game Draw Analysis	Environment and Conservation	Provides the total number of applicants naming each of the Moose Management Areas and the number of subsequent licences awarded by pool status, application choice (either sex or male only), and application type (party or single).
Municipal Stewardship Agreements	Environment and Conservation	Municipal Stewardship agreements for wetlands and species at risk; used by the general public, conservation organizations, land developers and planners, and federal and provincial wildlife management agencies.
Institute for Biodiversity Ecosystem Science Grants	Environment and Conservation	Information to include project title, principal investigator and funding provided; 2008 – present.
Permits issued for Wilderness and Ecological Reserves, and Provincial Parks	Environment and Conservation	The Parks and Natural Areas Division issues permits for Wilderness and Ecological Reserves and for the T'Railway Provincial Park. Information will be type of permit and number issued.

Disclosure	Department or Agency	Details
Approved Funding for Fire Protection Vehicles and Firefighting Equipment	Fire and Emergency Services	2014-15 list of approved fire protection vehicles and fire protection equipment and funding amounts approved under the Firefighting Equipment and Fire Protection Vehicle Programs.
Responses to Access to Information Requests – Fire and Emergency Services	Fire and Emergency Services	Agency’s responses to Access to Information requests received.
Fire Protection and Detection Equipment Servicing Licenses Issued by the Fire Commissioner	Fire and Emergency Services	List of companies in the province licensed by the Fire Commissioner to install, service and maintain fire protection and detection equipment. Updates to occur as new licenses are issued or old licenses cancelled.
Orders Issued by the Fire Commissioner under Sections 17, 18 and 21 of the <i>Fire Protection Services Act</i>	Fire and Emergency Services	All Orders issued by the Fire Commissioner related to the closure of structure or property, following inspections, and regarding the supply of electricity. To be updated as new orders are issued and existing orders are rescinded.
Ministerial Exemptions to Minimum Processing Requirements for Fish Landings	Fisheries and Aquaculture	To be updated every 6 months, with a lag time of 6 months in order avoid disclosure of information that could potentially harm the business interests of a third party.
Support for Community Fisheries Infrastructure	Fisheries and Aquaculture	Approvals of Special Assistance Grants monthly.

Disclosure	Department or Agency	Details
Regional Health Authority Employee Counts	Health and Community Services	Detailed health workforce employee counts, over time, for each Regional Health Authority. December 2014 data was recently released in the Strategic Health Workforce Plan, but will be released again with historical counts for 2003, 2009, 2011, 2012, 2013, 2014.
Home Support Agencies by Region	Health and Community Services	A listing of the licensed home support agencies by region.
Medical Student and Resident Bursary Recipients	Health and Community Services	The number of medical student and medical resident bursary recipients across Newfoundland and Labrador.
Regional Wait List - Long Term Care Home Placement	Health and Community Services	Number of people waiting for a long term care placement by region.
Tax Receivable Summary Template	Municipal and Intergovernmental Affairs	An annual template to guide municipalities in recording their aged tax receivables.
Tax Recovery Plan Guidelines	Municipal and Intergovernmental Affairs	General guidelines to aid municipalities in creating a plan to collect overdue tax receivables.

Disclosure	Department or Agency	Details
Regional Appeal Board Decisions	Municipal and Intergovernmental Affairs	The Regional Appeal Boards hear appeals brought forward by individuals dissatisfied with a municipality or another provincial authority's decision regarding land use and development. The decisions since January 1, 2015 - present will be posted.
Regional Appeal Board Hearing Dockets	Municipal and Intergovernmental Affairs	The Regional Appeal Board agendas will identify time, date and place that the boards will hear appeals. Appeals are brought forward by individuals dissatisfied with a municipality or another provincial authority's decision regarding land use and development. The agendas since January 1, 2015 - present will be posted.
Approved Expropriations	Municipal and Intergovernmental Affairs	Once accepted by the Registry of Deeds, the department will post the Minister's register of approved expropriations (from January 1, 2015 to present), which would identify the town name, location of property, Registry of Deeds number, and the date the expropriation was registered at the Registry of Deeds.
Online Completed Access to Information Requests	Office of Public Engagement	A new site will allow greater usability for people searching the site. They will now be able to search by department, date range and word/phrase.
Community Recreation Development Grant Program 2014/15	Seniors, Wellness and Social Development	Municipalities and incorporated Recreation Committees (in areas where no incorporated municipalities exist) with a population of less than 6,000 are eligible to receive funding up to \$6,000 for the development of recreation programs in their communities.
Seniors Recreation Grants Program 2014/15	Seniors, Wellness and Social Development	The Seniors Recreation Grant Program is designed to help seniors' groups, communities and recreation committees provide programs and services focused specifically on increasing physical and leisure activity for seniors. Grants are used for a variety of programming activities such as walking clubs, community gardens, fitness and exercise classes, bowling, dance clubs and strength training.

Disclosure	Department or Agency	Details
Capital Grant Program 2014/15	Seniors, Wellness and Social Development	These grants ranging from \$5,000 to \$15,000 are available to retrofit and renovate existing facilities that citizens use for recreation and sport. Funding is also available to fund capital costs that increase use, lower operating costs, improve safety and increase accessibility. In 2015-16, these grants became part of the Community Healthy Living Fund.
Physical Activity Equipment Grant Program 2014/15	Seniors, Wellness and Social Development	These grants provide funding up to \$3,000 to support the purchase and repair of equipment that promotes physical activity.
Government Leases in Newfoundland and Labrador	Transportation and Works	The Planning and Accommodations Division in the Department of Transportation and Works oversees the leasing of space for all government departments and various agencies. This inventory of government-leased facilities throughout Newfoundland and Labrador provides information about the lease location, cost, and duration.
Tendering and Contracts: Reports After Tender Call	Transportation and Works	Tenders issued establish a deadline for tender closing as well as an opening of bids on the specified deadline. Reports After Tender Call provide an overview of all bids received in response to the Notice of Tender, including: the name of the bidder, the base bid, and the tender total for projects for the design, construction, improvement, repair and maintenance of highways and local roads, airstrips, ferry terminals and related facilities and other infrastructure that belongs to or is held or occupied by the Crown such as schools, hospitals, and government buildings.
Service Contracts	Transportation and Works	Includes service contracts for buildings, such as janitorial, electrical, plumbing, and snow-clearing, as well as for roads, such as maintenance on the Trans Labrador Highway, airstrip maintenance, and winter maintenance on local roads. This information set provides an overview of the service contracts that have been awarded, including: description, award/start date, end date, successful bidder and contract value.

Release-by date: September 28, 2015

One-Time Information Disclosures

Disclosures	Department or Agency	Details
Evaluation of the Conservation and Sustainability Plan for the Newfoundland Lobster Fishery	Fisheries and Aquaculture	Commencing in 2011-12, the Department of Fisheries and Aquaculture partnered with the federal Department of Fisheries and Oceans and the Fish, Food and Allied Workers to implement the Lobster Conservation and Sustainability Plan. The Plan concluded in March 2014. The overall goals of the Plan were to improve conservation efforts in Newfoundland Lobster Fishing Areas and significantly reduce lobster fishing efforts and increase the incomes of remaining harvesters.
Wait Time Data Regarding Children's Services (Assessment, Occupational Therapy Speech Language Pathology, Total Autism Diagnosis per year)	Health and Community Services	Number of children on a waitlist for Speech Language Pathology services, for Occupational Therapy services and for a developmental assessment, by region. Also includes total autism diagnosis each year by region.
Federal Responses to Departmental Access to Information Requests Regarding the Fisheries Investment Fund	Municipal and Intergovernmental Affairs	These requests were made to the Atlantic Canada Opportunities Agency, the Department of Foreign Affairs, Trade and Development, and the Privy Council Office in December 2014 and Justice Canada in January 2015. Response received from Justice Canada in August 2015. Responses are pending (overdue) for the other three requests.
Ambient Air Monitoring Project, Summary Report, Town Hall & Mine Site, Baie Verte, NL (Pinchin LeBlanc Environmental Ltd, March 31, 2011)	Natural Resources	The report gives the results of an air monitoring program set up during site rehabilitation at the former asbestos mine in Baie Verte. The study was designed to determine whether asbestos fibers from the mine site were being carried into residential areas and therefore presenting a hazard. This report outlines the results of the monitoring program and has data from the air monitoring stations included in it.

Disclosures	Department or Agency	Details
HotShots: Project Summary	Office of Climate Change and Energy Efficiency	The HotShots initiative was a one-year pilot project launched by the Government of Newfoundland and Labrador to raise awareness about energy efficiency and conservation among students and teachers within the province. The Project Summary provides an overview of the HotShots initiative and an assessment of whether the initiative met its established targets.
Poverty Reduction Strategy Initiatives (Budget 2015-16)	Seniors, Wellness and Social Development	The Poverty Reduction Strategy currently includes more than 90 ongoing initiatives that were informed by the input of the public and developed by 13 departments and agencies in order to meet the needs of groups most vulnerable to poverty. Budget 2015 includes over \$185 million for Poverty Reduction Strategy initiatives designed to prevent, reduce and alleviate poverty, bringing the total investment in poverty reduction since 2006 to over \$1.2 billion. Budget 2015 investments include over \$25 million for early learning and child care initiatives designed to ensure all children have the opportunity to develop to their full potential; and also \$12.2 million for the Low Income Tax Reduction Program, which represents a \$1.1 million increase over last year.
Provincial Wellness Review Final Report, October 31, 2014	Seniors, Wellness and Social Development	The Provincial Wellness Review was undertaken by the Newfoundland and Labrador Centre for Health Information from February 2014 to August 2014. The review had three objectives: 1) to offer a description and analysis of the systems that support health promotion and wellness program and service delivery in Newfoundland and Labrador, including challenges and accomplishments within this system; 2) to describe health promotion systems existing in other selected jurisdictions, including challenges and successes within these systems; and 3) to offer descriptions of potential models for the delivery of health promotion services within Newfoundland and Labrador.

Disclosures	Department or Agency	Details
Healthy Active Living in Newfoundland Research Project	Seniors, Wellness and Social Development	The purpose of this research was to conduct an environmental scan to better understand the landscape of healthy active living initiatives, programs, and activities across the province. This study was comprised of three parts: (i) a review of literature and online scan of programs related to healthy active living, (ii) focus group meetings with key representatives from the healthy active living community, and (iii) an electronic survey distributed to education, sport, recreation, health and community partners. This study revealed information regarding Newfoundlanders' perceptions about the meaning of healthy active living, types of programs, funding information, evaluation processes, challenges, opportunities, strengths and possible improvements for future. In addition, background about programs across Canada is discussed.
Summary Report, Participation Nation Evaluation	Seniors, Wellness and Social Development	School Sports Newfoundland and Labrador has been delivering Participation Nation (PN) through the province's school system. PN has been designed as a non-competitive recreational sport and physical activity program that encourages active and healthy living among all students and complements the province's physical education and health curriculum. To ensure PN is realizing its mission and having its desired effect, an evaluation of PN's processes and the associated activities was commissioned. This evaluation documents the outcomes of the activities undertaken to advance PN's ultimate goals and provides further direction for PN's continued growth, sustainability and success.
After School Physical Activity Pilot Evaluation	Seniors, Wellness and Social Development	The After-School Physical Activity Pilot Initiative (ASPA) was designed to enhance the physical well-being of children and youth by supporting after-school physical activity initiatives that result in more opportunities for children and youth to be active. Funding was provided through community-school partnerships to help offset the barriers that limit participation in physical activity including transportation, cost/fees, availability of quality programs and leadership. This evaluation was conducted at the end of the initiative's initial two year pilot period (2011/12 to 2012/13) and was focused primarily on assessing the design and delivery of ASPA and its outcomes in relation to physical activity levels of youth ages 9 to 15 (grades 4-9) in the after-school time period (3:00-6:00 pm) and capacity building to support and sustain this activity.

Release-by date: September 28, 2015

Information Disclosures on a Go-Forward Basis

Disclosure	Department or Agency	Details
Permits to Operate Public Drinking Water and Sewer Systems under Section 38 of the <i>Water Resources Act</i>	Environment and Conservation	Permits issued to municipalities to allow them to operate their water and wastewater infrastructure.
